

"Mechanics Buddy"™

3 in 1 Parts Washer

1 Parts Washing Sink

No more running to the other side of the shop to clean a small part. Your "Mechanics Buddy"™ will be with you and ready to do the dirty work. "Mechanics Buddy"™ comes with a valve to control the amount of flow to the parts washing brush.

"Mechanics Buddy"™
is more than a
parts washer, it's a tool.

Patent Pending

2 → Spray Cabinet, Jet Wash

"Surprise" Under the sink is the best part of your "Mechanics Buddy".™ Cleans parts as large as a cylinder head, intake manifold, and oil pans. With a 22" rotating turntable and capacity up to 24" this compact washer will amaze you every time you use it.

3 ↗ Brake Washer, Plus

Yes there is a plus, while you are cleaning the backing plate "Mechanics Buddy"™ is cleaning the rest of the parts inside the Spray Cabinet. "Mechanics Buddy"™ will save you time and do the dirty work for you.
